Cow Key Channel Bridges Rehabilitation Project Update

Current Activity

Starting Monday, March 16 through Thursday, March 19, 2020, the Cow Key Project will have nighttime inside lane closure on the inbound and outbound bridges for tree removal/relocation and median excavation from 10 p.m. to 5:30 a.m.

Please note that this schedule may change due to bad weather or other unexpected conditions.

Mariner Notice

During construction, the contractor will have crews working in the water and overhead. The overhead clearance will be greatly reduced under spans 2, 3 and 4. Mariners should use caution when navigating through the Cow Key Channel, or consider an alternate route. For more information please contact the Sector Key West Command Center at (305) 292-8727.

Please click [here](#) for the project webpage. On the project webpage, you will find the scope of work, fact sheet and other project documents. For additional information, please feel free to contact Community Outreach Specialist Maria Alzate at (305) 560-8218 or via email at Maria@iscprgroup.com.
