Landscaping Project Begins the Week of August 15

Miami, FL – The Florida Department of Transportation (FDOT) is scheduled to begin a landscaping project the week of August 15, 2016. The project limits extend along SR 934/NW/NE 79 Street from NW 14 Avenue to North Bayshore Drive in Miami-Dade County. The project will cost an estimated \$120,000. The work will take approximately three months to be completed, followed by a two-year period to allow the newly planted trees and other foliage to become established. The project includes the following:

- Installing trees and palms

To build this project safely, it will be necessary to periodically close lanes. Construction will be done in stages to minimize impacts to the public during special events and peak periods of traffic. The department will make sure traffic continues to flow safely through the work zones.

Please note that this schedule may change due to bad weather or other unexpected conditions. For more information, please call FDOT's Public Information Office at 305-470-5349 or Construction Public Information Specialist Sandra Bello at 305-510-0827 or go to the website at www.fdotmiamidade.com.

Drivers are encouraged to call 511 before they travel or log on to www.fl511.com to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.
