State Road (SR) 90/US 40/SW 8 Street/Tamiami Trail

Roadway Project Begins the Week of August 15

Miami, FL – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway project the week of August 15, 2016. The project limits extend along SR 90/US 41/SW 8 Street/Tamiami Trail from west of Loop Road to west of Mile Marker (MM) 29 in Miami-Dade County. The project will cost an estimated \$4.18 million and will take approximately six months to be completed. The project includes the following:

- Repaving and restriping the road
- Rebuilding several turn lanes and driveways
- Updating signage and pavement markings

To build this project safely, it will be necessary to periodically close lanes. Construction will be done in stages to minimize impacts to the public during special events and peak periods of traffic. The department will make sure traffic continues to flow safely through the work zones.

Please note that this schedule may change due to bad weather or other unexpected conditions. For more information, please call FDOT's Public Information Office at 305-470-5349 or Construction Public Information Specialist Heather M. Leslie at 305-905-5876 or go to the website at www.fdotmiamidade.com.

Drivers are encouraged to call 511 before they travel or log on to www.fl511.com to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.
