95 Express Closures for New Plastic Pole Installation

Miami, FL – The following closures will be implemented to install new, more durable plastic poles to better divide the express lanes from the non-tolled general use lanes. The space between each pole will also be reduced from its current placement of ten feet to five.

Tuesday, November 29 - All northbound I-95 Express lanes and one adjacent non-tolled general use lane will be closed from SR 836 to the Golden Glades Interchange between the hours of 9 p.m. and 5 a.m.

Wednesday, November 30 and Thursday, December 1 - All southbound I-95 Express lanes and one adjacent non-tolled general use lane will be closed from the Golden Glades Interchange to SR 836 between the hours of 9 p.m. and 5 a.m.

Please note that this schedule may change due to bad weather or other unexpected conditions.

For more information, please call Construction Public Information Specialist Oscar Gonzalez at 786-280-0983 or FDOT's Public Information Office at 305-470-5349 or go to the website at www.fdotmiamidade.com.

Drivers are encouraged to call 511 before they travel or log on to www.fl511.com to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.
