## **State Road (SR) 9336/SW 344 Street**

*Roadway Project Begins the Week of February 6, 2017*

---

**Miami, FL** – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway construction project the week of February 6, 2017. The project limits extend along SR 9336/SW 344 Street from west of SW 187 Avenue/Redland Road to east of SW 182 Avenue/SW 6 Avenue in Florida City. The project will cost an estimated \$220,419. The work will take approximately two months to be completed. The project includes the following:

- Repairing sidewalks and upgrading sidewalk connectivity
- Upgrading curb and gutters at the northeast corner of the intersection of SW 344 Street and SW 187 Avenue
- Upgrading the pedestrian signal at the crosswalks at the intersection of SW 344 Street and SW 187 Avenue
- Constructing a pedestrian island at the intersection of SW 344 Street and SW 182 Avenue
- Upgrading signage and pavement markings

To build this project safely, it will be necessary to periodically close lanes. Construction will be done in stages to minimize impacts to the public during special events and peak periods of traffic. The department will make sure traffic continues to flow safely through the work zones.

Please note that this schedule may change due to bad weather or other unexpected conditions. For more information, please call FDOT's Public Information Office at 305-470-5349 or Construction Public Information Specialist Heather M. Leslie at 305-905-5876 or go to the website at [www.fdotmiamidade.com](http://www.fdotmiamidade.com).

Drivers are encouraged to call 511 before they travel or log on to [www.fl511.com](http://www.fl511.com) to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.
