## State Road (SR) A1A/Collins Avenue

*Roadway Project Begins the Week of June 19, 2017*

---

**Miami, FL** – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway construction project the week of June 19, 2017. The project limits extend along SR A1A/Collins Avenue from south of Bayview Drive to SR 856/William Lehman Causeway/192 Street. The project will cost an estimated \$4.4 million. The work will take roughly 13 months to be completed. The project includes the following:

- Repaving and restriping the road
- Upgrading pedestrian ramps to current standards
- Upgrading traffic signals at various locations
- Installing a new midblock traffic signal on SR A1A/Collins Avenue between 178 Street and 182 Street
- Adding signage and pavement markings

To build this project safely, it will be necessary to periodically close lanes. Construction will be done in stages to minimize impacts to the public during special events and peak periods of traffic. The department will make sure traffic continues to flow safely through the work zones.

Please note that this schedule may change due to bad weather or other unexpected conditions. For more information, please call FDOT's Public Information Office at 305-470-5349 or Construction Public Information Specialist Sandra Bello at 305-510-0827 or go to the website at [www.fdotmiamidade.com](http://www.fdotmiamidade.com).

Drivers are encouraged to call 511 before they travel or log on to [www.fl511.com](http://www.fl511.com) to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.
