FDOT to Host Public Information Meeting for a Roadway Improvement Project

State Road (SR) 922/NW 125 Street

Miami, FL – The Florida Department of Transportation (FDOT) will host a public information meeting for a roadway improvement project along SR 922/NW 125 Street from NW 6 Avenue to NE Miami Court in the City of North Miami. Construction is scheduled to begin during the week of September 10, 2018 and last approximately 10 months. The estimated construction cost is \$3.2 million.

The public information meeting will be held **from 5 p.m. to 7 p.m. on Thursday, September 6, 2018 at the North Miami Library, 835 NE 132 Street, North Miami, FL 33161**. Graphic displays will be shown and FDOT representatives will be present to answer questions pertaining to the project.

The proposed work includes: repaving and restriping the roadway; widening the southbound I-95 exit ramp to provide an exclusive left turn lane; converting a westbound through lane to an exclusive left turn lane at NW 6 Court/I-95 entrance ramp; installing island traffic separators at NW 4 Avenue, NW 1 Avenue and NE Miami Court; widening northbound NW 6 Avenue/I-95 exit ramp to provide an exclusive right turn lane; widening the westbound roadway at NW 6 Avenue/I-95 entrance ramp to provide an exclusive right turn lane; widening the intersection of NW 2 Avenue to provide an exclusive westbound, eastbound, southbound and northbound left turn lane; installing stormwater drainage in various areas; upgrading pedestrian signs and signals; upgrading traffic signals at various intersections; removal and relocation of landscaping at various locations; and installing signs and pavement markings.

To complete this work safely, traffic shifts will be performed to establish permanent work zones and reduce the number of travel lanes. Tasks will be done in stages and lane closures will be scheduled to keep traffic moving and avoid special community events.

Please note that this schedule may change due to bad weather or other unexpected conditions.

For more information, please call Construction Community Outreach Specialist Sergies Duarte at 305-216-3617 or FDOT's Public Information Office at 305-470-5349 or go to the website at www.fdotmiamidade.com.
