## **State Road (SR) 94/SW 88 Street/Kendall Drive From SW 102 Avenue to SW 79 Avenue**

*Roadway Improvement Project Begins the Week of October 15*

---

**Miami, FL** – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway improvement project the week of October 15, 2018, along SR 94/SW 88 Street/Kendall Drive from SW 102 Avenue to SW 79 Avenue in Miami-Dade County. The project will take about 13 months to complete. The project's estimated cost will be \$3.6 million.

The project includes repaving and restriping the roadway; enhancing pedestrian ramps, signage and pavement markings; performing signalization work between SW 99 Court and SW 79 Avenue; extending the eastbound Kendall Drive left turn lane storage approaching NW 99 Court; constructing a directional median at Kendall Drive and SW 79 Avenue; performing minor drainage work at SW 99 Court and at the SR 874/Don Shula Expressway underpass; and widening and placing new barrier walls at the SR 874/Don Shula Expressway underpass.

To build this project safely, it will be necessary to periodically close lanes. Construction will be done in stages to minimize impacts to the public during special events and peak periods of traffic. The department will make sure traffic continues to flow safely through the work zones.

Please note that this schedule may change due to bad weather or other unexpected conditions. For more information, please call FDOT's Public Information Office at 305-470-5349 or Construction Community Outreach Specialist Heather M. Leslie at 305-905-5876 or go to the website at [www.fdotmiamidade.com/](http://www.fdotmiamidade.com/).

Drivers are encouraged to call 511 before they travel or log on to [www.fl511.com/](http://www.fl511.com/) to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.
