Lane Closures/Shifts on I-195 and State Road (SR) 112

Miami, FL – The following closures and lane shifts on I-195 and SR 112 have been implemented as noted below to allow the contractor to replace the traffic railing on the I-195 and SR 112 ramps to southbound I-95:

- The ramp lane on the eastbound SR 112 ramp to southbound I-95 has been shifted to the right
- One lane on the westbound I-195 ramp to southbound I-95 will be continuously closed. One ramp lane will remain open.

Temporary concrete barrier walls have been installed to separate the work zone from the open travel lanes. The closures/shifts are expected to be in place continuously until approximately November 30, 2018.

Please note that this schedule may change due to bad weather or other unforeseen conditions. The closures are part of I-95 Design/Build Projects to construct five emergency stopping sites on I-95 from NW 62 Street to NW 131 Street and replace the concrete pavement from NW 29 Street to NW 79 Street as well as replace Intelligent Transportation System devices.

For more information, please call FDOT's Public Information Office at 305-470-5349 or Construction Community Outreach Specialist Oscar Gonzalez at 786-280-0983 or go to the website at www.fdotmiamidade.com. For around-the-clock, real time, I-95 traffic information, call 511. Remember: stay safe. Stay in your lane.
