Landscaping Project Begins the Week of January 14

State Road (SR) 826/Palmetto Expressway

Miami, FL – The Florida Department of Transportation (FDOT) is scheduled to begin a landscaping project the week of January 14, 2019. The project limits extend along SR 826/Palmetto Expressway from NW 14 Street to NW 31 Street in Miami-Dade County. This project will last approximately six months for installation of landscaping and two years for maintenance of landscaping. The project will cost an estimated \$748,184.

The project includes installing trees and palms along the roadway, adding a landscape buffer along the roadway and removing and replacing diseased and damaged trees.

To complete this work safely, it will be necessary to temporarily close travel lanes at times. Tasks will be done in stages and lane closures will be scheduled to keep traffic moving and avoid special community events.

Please note that this schedule may change due to bad weather or other unexpected conditions.

For more information, please call Construction Community Outreach Specialist Tomás Monzón at 305-803-5556 or FDOT's Public Information Office at 305-470-5349 or go to the website at www.fdotmiamidade.com.
