Roadway Construction Project Begins the Week of January 13 *State Road (SR) A1A/Collins Avenue at 79 Street*

Miami, Fla. – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway construction project the week of January 13, 2020. The project limits extend along the intersection of SR A1A/Collins Avenue and 79 Street. This project will cost an estimated \$450,000.

The work will last about five months and includes the following: Installing traffic signals at the intersection; constructing a new pedestrian crossing on Collins Avenue; repaving and restriping the roadway.

To complete this work safely, it will be necessary to close travel lanes at times. Tasks will be done in stages and lane closures will be scheduled to keep traffic moving and avoid special community events.

Please note that this schedule may change due to bad weather or other unexpected conditions.

For more information, please call FDOT's Public Information Office at (305) 470-5349 or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or go to the website at www.fdotmiamidade.com.

Drivers are encouraged to call 511 before they travel or log on to www.fl511.com to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.
