FDOT to Host a Public Hearing for a Roadway Improvement Project

State Road (SR) A1A/Collins Avenue from north of Haulover Inlet to south of Bayview Drive/158 Street

Miami, Fla. – The Florida Department of Transportation (FDOT) District Six will host a Public Hearing for a roadway improvement project along SR A1A/Collins Avenue from north of Haulover Inlet to south of Bayview Drive/158 Street, in Miami-Dade County. Construction is expected to begin in July 2022 and last about seven months. The estimated construction cost for this project is about \$5.6 million.

A Public Hearing will be held from 6 p.m. to 8 p.m. on Thursday, February 13, 2020, at the Sunny Isles Beach Government Center, First Floor Meeting Room, 18070 Collins Avenue, Sunny Isles Beach, FL 33160. Graphic displays will be shown with a presentation starting at 6:30 p.m. and FDOT representatives will be available to discuss the project.

The proposed work for these projects include: repaving and restriping the roadway; constructing a new signalized intersection at the Haulover Park entrance south of the lifeguard station; widening to provide a continuous bicycle facility; modifying the Haulover Park entrances on the west side of A1A; upgrading guardrails at pedestrian tunnels and Haulover bridge; reconstructing sidewalk and curb ramps at Haulover Park entrances, pedestrian tunnels, and median curbs; constructing a shared-use path on the east side and six-foot sidewalk segments on the west side of A1A; upgrading traffic signs; installing markings for bicycle use along the paved shoulders; installing sea turtle lighting; relocating trees in conflict with proposed paths and improving drainage.
