### FDOT Completes ITS Project in Miami-Dade and Monroe Counties

*State Road (SR) 9A/I-95, SR 112, and SR 5/US 1/Overseas Highway*

**MIAMI, Fla.** – The Florida Department of Transportation (FDOT) has completed an Intelligent Transportation Systems (ITS) replacement project in Miami-Dade and Monroe counties. The project included work on SR 9A/I-95 and SR 112 in Miami-Dade County and along SR 5/US 1/Overseas Highway in Monroe County.

The \$3.8 million design-build project was completed in just over one year with the support of elected officials and the community. Sociedad Ibérica de Construcciones Eléctricas, (SICE) was the contractor. The scope of work for this project included the following:

**Miami-Dade County:** Replacing 84 ITS cabinets; updating and migrating ITS devices to current standards; replacing 35 ITS power supplies and batteries; and connecting communications between the SR 112 Hub and SR 836 Hub.

**Monroe County:** Replacing 11 Arterial Dynamic Message (ADMS) Signs on SR 5/US 1/Overseas Highway at MM 7.5, 39.5, 91.5, 106, 113 and 126.

For more information on the ITS Replacement Project, visit [www.fdotmiamidade.com](http://www.fdotmiamidade.com). You may also call FDOT's Public Information Office at (305) 470-5349 or Community Outreach Specialist Sandra Bello at (305) 510-0827.

Drivers are encouraged to log on [www.fl511.com](http://www.fl511.com) to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicles crashes. Please drive cautiously in construction zones.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
