FDOT Completes State Road (SR) 25/NW 36 Street Roadway Project *From NW 5 Avenue to North Miami Avenue*

MIAMI, Fla. – The Florida Department of Transportation (FDOT) has completed the roadway improvements along SR 25/NW 36 Street from NW 5 Avenue to North Miami Avenue. The five-month project began in July 2020 and cost an estimated \$630,688. General Asphalt, Inc. was the contractor. FDOT completed this work with the support of elected officials and the community.

The following scope of work was performed on this project: restricting the left turn movement along westbound SR 25/NW 36 Street at the intersections of NW 3 and NW 1 Avenue; restricting the left turn movement along southbound NW 3 and NW 1 Avenue to eastbound SR 25/NW36 Street; upgrading pedestrian signals and repaving crosswalks at the intersections of NW 5 and NW 2 Avenue; installing a new traffic signal at North Miami Avenue; and repaving and restriping the roadway.

For more information please contact FDOT's Public Information Office at (305) 470-5349 or Community Outreach Specialist Christian Gonzalez at (786) 837-4884, or visit www.fdotmiamidade.com.

Drivers are encouraged to call 511 or visit www.fl511.com before they travel to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
