### **State Road (SR) 5/US 1/Overseas Highway Traffic Pacing Operation To Occur May 10**

*Along Sea Oats Beach, Mile Marker (MM) 74.336 to MM 75.116*

**MIAMI, Fla.** – On Monday, May 10, a traffic pacing operation will occur on SR 5/US 1/Overseas Highway between 9 a.m. and 4 p.m., along Sea Oats Beach in Monroe County. Law enforcement will slow traffic down as needed while workers restripe the roadway. Both lanes will remain open, but drivers may experience delays.

To perform this work safely, drivers will be required to proceed at a reduced speed through the construction zone. This work is part of the SR 5/US 1/Overseas Highway Hurricane Irma Embankment Washout Project.

Please note that this schedule may change due to bad weather or other unexpected conditions.

For more information, please call FDOT's Public Information Office at (305) 470-5349 or Construction Community Outreach Specialist Paulette Summers at 1 (786) 510-3921 or go to the website at [www.fdotmonroe.com](http://www.fdotmonroe.com).

Drivers are encouraged to log on to [www.fl511.com](http://www.fl511.com) to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicles crashes. Please drive cautiously in construction zones.

*Improve Safety, Enhance Mobility, Inspire Innovation*

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
