# Project Benefits

## COMMUNITIES

- FDOT understands the community's unique needs and builds a transportation system that improves connectivity, enhances the quality of life, and achieves a shared community vision.
- The City of Miami originally brought a safety concern at the study intersection to FDOT for evaluation. FDOT is working to address the concerns with a context-sensitive approach.

## SAFETY

- This project aims to improve road users' safety by constructing a raised median. The proposed improvement eliminates intersection conflict points, including illegal maneuvers from NE 1 Avenue.
