State Road (SR) 934/NW 79 Street

Roadway Project Begins Week of January 12

Miami, FL – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway construction project the week of January 12, 2015. The project limits extend along State Road (SR) 934/NW 79 Street from east of the NW 2800 block to NW 14 Avenue in Miami-Dade County. This project will cost an estimated \$3.2 million. The work will take roughly one year to complete and includes the following:

- Installing underground drainage structures and pipes
- Replacing sections of curb, gutter and sidewalk
- Installing new countdown pedestrian signals at intersections
- Modifying existing median locations
- Installing new lighting along the roadway
- Rebuilding sections of roadway
- Repaving and restriping the roadway
- Installing new signage and pavement markings

To complete this work safely, it will be necessary to close travel lanes and implement detours at times. Tasks will be done in stages and lane closures will be scheduled to keep traffic moving.

Please note that this schedule may change due to bad weather or other unexpected conditions. For more information, please call FDOT's Public Information Office at (305) 470-5349 or Construction Public Information Specialist Jason Brown at (305) 301-1472 or go to the website at www.fdotmiamidade.com.

Drivers are encouraged to call 511 before they travel or log on to www.fl511.com to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.
