## **State Road (SR) 934/NW 79 Street/East 25 Street**

*Roadway Project Begins the Week of May 18*

---

**Miami, FL** – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway construction project the week of May 18, 2015. The project limits extend along SR 934/NW 79 Street/East 25 Street from west of East 5 Avenue to the NW 2800 block in Miami-Dade County. This project will cost an estimated \$2 million. The work will take roughly seven months to complete and includes the following:

- Replacing sections of curb, gutter and sidewalk
- Installing new countdown pedestrian signals at intersections
- Performing signalization enhancements
- Repaving and restriping the roadway
- Installing new signage and pavement markings

To complete this work safely, it will be necessary to close travel lanes and implement detours at times. Tasks will be done in stages and lane closures will be scheduled to keep traffic moving.

Please note that this schedule may change due to bad weather or other unexpected conditions. For more information, please call FDOT's Public Information Office at 305-470-5349 or Construction Public Information Specialist Jason Brown at 305-301-1472 or go to the website at [www.fdotmiamidade.com](http://www.fdotmiamidade.com).

Drivers are encouraged to call 511 before they travel or log on to [www.fl511.com](http://www.fl511.com) to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.

**Celebrating 100 Years of Innovation, Mobility and Economic Development**
