State Road (SR) 5/Biscayne Boulevard/US 1

Intersection Enhancement Project Begins the Week of June 15

Miami, FL – The Florida Department of Transportation (FDOT) is scheduled to begin an intersection enhancement construction project the week of June 15, 2015. The project limits extend along SR 5/Biscayne Boulevard/US 1 at NE 38 Street in Miami-Dade County. This project will cost an estimated \$248,698. The work will take roughly four months to complete and includes the following:

- Rebuilding sections of curb, gutter and sidewalk
- Replacing the traffic signal on the northwest corner of the intersection
- Installing a new countdown pedestrian signal
- Installing new signage
- Repaving and restriping the roadway

To complete this work safely, it will be necessary to close travel lanes and establish permanent work zones. Tasks will be done in stages and lane closures will be scheduled to keep traffic moving.

Please note that this schedule may change due to bad weather or other unexpected conditions. For more information, please call FDOT's Public Information Office at 305-470-5349 or Construction Public Information Specialist Heather Leslie at 305-905-5876 or go to the website at www.fdotmiamidade.com.

Drivers are encouraged to call 511 before they travel or log on to www.fl511.com to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.
