State Road (SR) A1A/Indian Creek Drive

New Roadway Improvement Project to Start Week of May 27

Miami, Fla. – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway improvement project the week of May 27, 2019. The project limits extend along SR A1A/Indian Creek Drive from 63 Street to Abbott Avenue in the City of Miami Beach.

The project will cost an estimated \$1.3 million. The work will take approximately six months to be completed. The project includes repaving and restriping the roadway; adjusting manholes and valves; reconstructing existing pedestrian ramps; replacing utility boxes within limits of sidewalk reconstruction; installing a shared bicycle lane “sharrows”; and enhancing signage and pavement markings.

To build this project safely, it will be necessary to periodically close lanes. Construction will be done in stages to minimize impacts to the public during special events and peak periods of traffic. The department will make sure traffic continues to flow safely through the work zones.

Please note that this schedule may change due to bad weather or other unexpected conditions. For more information, please call FDOT’s Public Information Office at (305) 470-5349 or Construction Community Outreach Specialist Heather Leslie at (305) 905-5876 or go to the website at www.fdotmiamidade.com.

Drivers are encouraged to call 511 before they travel or log on to www.fl511.com to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.
