Traffic Pacing on Southbound I-95

Miami, Fla. – On Thursday, February 13, a traffic pacing operation will occur on southbound I-95 between the hours of 1 a.m. and 4 a.m. Florida Highway Patrol Troopers will slow traffic down on several occasions from SR 112/I-195 to SR 836/I-395 to allow the project contractor to move a crane across the highway. In addition to the pacing operation, the following closures will also be implemented:

- Two lanes on southbound I-95 will be closed from south of SR 112/I-195 to south SR 836/I-395 between the hours of 9 p.m. and 5:30 a.m.
- The southbound I-95 ramp to eastbound I-395 will be closed between the hours of 2 a.m. and 5:30 a.m. Drivers can:
 - Continue south on I-95, exit at NW 8 Street (Exit 3B).
 - Turn left on NW 8 Street, continue east on NW 8 Street.
 - Turn left at Biscayne Boulevard to access the A1A North/Miami Beach Ramp.

Please note that this schedule may change due to bad weather or other unforeseen conditions. The closures are part of the I-395/SR 836/I-95 Design-Build Project that will reconstruct the I-395 corridor from the SR 836/I-395/I-95 (Midtown) Interchange to the MacArthur Causeway Bridge, including the construction of a Signature Bridge over NE 2 Avenue and Biscayne Boulevard; double-deck SR 836 from west of NW 17 Avenue to the Midtown Interchange and the replacement of the concrete pavement on I-95 from NW 8 Street to NW 29 Street.

For more information, please call Construction Community Outreach Specialist Oscar Gonzalez at (786) 280-0983 or go to the website at www.I-395miami.com. For around-the-clock, real time, traffic information, call 511 or go to www.fl511.com. Remember: stay safe. Stay in your lane.
