Eastbound State Road 836 Lanes Closed at I-95 Wednesday, November 4

MIAMI, Fla. – All eastbound lanes on SR 836 will be closed at I-95, Wednesday, November 4, between the hours of 10 p.m. and 5:30 a.m. while workers pave the roadway. The northbound and southbound ramps from I-95 to eastbound I-395 will remain open. Drivers who want to continue eastbound to I-395/SR A1A/MacArthur Causeway should:

- Exit SR 836 at the southbound I-95 ramp
- Stay in the right lane to exit on the ramp to NW 8 Street
- Continue south and turn left on NW 5 Street
- Go east to Biscayne Boulevard
- Turn left on Biscayne Boulevard to the A1A North/Miami Beach ramp

Please note that this schedule may change due to bad weather or other unforeseen conditions.

The work is part of the I-395/SR 836/I-95 Design-Build Project that will reconstruct the I-395 corridor from the SR 836/I-395/I-95 (Midtown) Interchange to the MacArthur Causeway Bridge, including the construction of a Signature Bridge over NE 2 Avenue and Biscayne Boulevard; double-deck SR 836 from west of NW 17 Avenue to the Midtown Interchange and the replacement of the concrete pavement on I-95 from NW 8 Street to NW 29 Street.

For additional information, please contact Community Outreach Specialist Oscar Gonzalez at 786-280-0983. Additional project information can be found on the project website, www.I-395miami.com.

Improve Safety, Enhance Mobility, Inspire Innovation
FDOTMiamiDade.com | @MyFDOT_Miami | Facebook.com/MyFDOTMiami

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
