### **FDOT Completes Lighting Projects Along State Road (SR) 25/Okeechobee Road and State Road (SR) 934/NW/NE 79 Street**

**MIAMI, Fla.** – On Monday, May 23, 2022, the Florida Department of Transportation (FDOT) successfully completed two lighting projects along SR 25/Okeechobee Road from W 18 Avenue to NE 2 Avenue and along SR 934/NW/NE 79 Street from Palm Avenue to NE 5 Avenue in the Cities of Hialeah, Miami Springs, and Miami.

These lighting projects began in September 2021 and had a combined estimated cost of \$541,569. FDOT completed both projects on time and under budget with the support of elected officials and the community. Horsepower Electric, Inc. was the contractor for these projects.

The scope of work included: upgrading existing light poles and installing new light poles at various locations throughout the project corridors.

For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or [csgonzalez@corradino.com](mailto:csgonzalez@corradino.com). For additional information about this or other FDOT projects, please visit [www.fdotmiamidade.com](http://www.fdotmiamidade.com).

Drivers are encouraged to log on to [www.fl511.com](http://www.fl511.com) before they travel to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
