The Florida Department of Transportation (FDOT) Completes State Road (SR) 932/NW 103 Street/W 49 Street Project *Between W 3 Avenue and E 10 Avenue*

MIAMI, Fla. – FDOT has successfully completed the SR 932/NW 103 Street/W 49 Street Roadway Project from W 3 Avenue to E 10 Avenue in the City of Hialeah. This nine-month project began in October 2022 and cost approximately \$3.4 million. FDOT, along with its contractor, Bacallao Construction & Engineering Development, LLC., completed this project on schedule and within budget.

The scope of work included: installing new traffic signals at the intersections of SR 932/NW 103 Street and SR 953/LeJeune Road; extending the left turn lane from eastbound SR 932/NW 103 Street to northbound SR 953/LeJeune Road; reconstructing the traffic median at the intersections of E 8 Court and E 8 Lane; reconstructing concrete sidewalks, curb ramps, and curb and gutters; upgrading vehicular and pedestrian signals and signage; and repaving and restriping the roadway.

For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or ChristianS.Gonzalez@dot.state.fl.us. For additional information about this or other FDOT projects, please visit www.southflroads.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
