The Florida Department of Transportation (FDOT) Completes State Road (SR) 933/NW 12 Avenue Roadway Project *Between NW 19 Street and NW 29 Street*

MIAMI, Fla. – FDOT has successfully completed the SR 933/NW 12 Avenue Roadway Project from NW 19 Street to NW 29 Street in the City of Miami. This eight-month project began in December 2022 and cost approximately \$2.4 million. FDOT, along with its contractor, Roadway Construction, LLC., completed this project on schedule and within budget.

The scope of work included: installing traffic signal mast arms at the intersections of NW 19 Street and NW 24 Street; upgrading existing traffic signal features at the intersections of NW 20 Street and NW 28 Street; reconstructing pedestrian sidewalks, curb ramps, and curb and gutters; upgrading vehicular and pedestrian signals, signage, and pavement markings; removing/replacing existing light poles and/or installed new light poles with Light Emitting Diode (LED) lights; upgrading existing drainage structures; enhancing landscape; and repaving and restriping the roadway.

For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Camille Chiriboga at (786) 570-4381 or Cchiriboga@corrado.com. For additional information about this or other FDOT projects, please visit www.southflroads.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
