FDOT Completes Roadway Project at Missouri-Little Duck Key Bridge *Along State Road (SR) 5/US 1/Overseas Highway*

MIAMI, Fla. – The Florida Department of Transportation (FDOT) has completed roadway improvements along SR 5/US 1/Overseas Highway at Missouri-Little Duck Key Bridge, Mile Marker (MM) 39.524 to MM 39.704, in Monroe County.

The project, which began in June 2020, was completed on time and under budget, with the support of elected officials and the community. American Empire Builders, Inc. was the contractor for this project.

The project included removing and replacing concrete slabs on the approaches to the bridge.

For more information please visit www.fdotmonroe.com. You may also call FDOT's Public Information Office at (305) 470-5349 or Community Outreach Specialist Paulette Summers at (786) 510-3921.

Drivers are encouraged to call 511 before they travel or log on to www.fl511.com to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
