## The Florida Department of Transportation (FDOT) Completes the State Road (SR) 972/Coral Way Roundabout

*At the Intersection of SW 15 Road in the City of Miami*

**MIAMI, Fla.** – FDOT has successfully completed constructing the SR 972/Coral Way Roundabout at the intersection of SW 15 Road in the City of Miami. The eight-month project began in October 2022 and cost approximately \$2.7 million. FDOT, along with its contractor, JVA Engineering Contractor, Inc, completed this project on schedule and within budget with the support of elected officials and the community.

“The main goal of the roundabout is to improve traffic flow through the five-legged intersection and enhance safety for drivers, pedestrians and bicyclists.” said FDOT District Six Secretary Stacy L. Miller. “The Department is grateful for the continued support from our local and County transportation partners throughout the development of this project.”

When navigating the new roundabout, drivers **must**:

- Follow the flow of traffic and all posted signage to ensure you are traveling in the right direction
- Adhere to all posted speed limit signage
- Yield to traffic already inside of the roundabout
- Yield to pedestrians and bicyclists

For more information, please contact FDOT’s Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or [ChristianS.Gonzalez@dot.state.fl.us](mailto:ChristianS.Gonzalez@dot.state.fl.us). For additional information about this or other FDOT projects, please visit [www.fdotmiamidade.com](http://www.fdotmiamidade.com).

Drivers are encouraged to log on to [www.fl511.com](http://www.fl511.com) before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

The Florida Department of Transportation’s mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state’s environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida’s residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department’s mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
