### **The Florida Department of Transportation Completes State Road (SR) 994/Quail Roost Drive Roadway Project** *From SR 997/Krome Avenue to SR 825/SW 137 Avenue*

**MIAMI, Fla.** – The Florida Department of Transportation (FDOT) has successfully completed the SR 994/Quail Roost Drive roadway project from SR 997/Krome Avenue to SR 825/SW 137 Avenue in Miami-Dade County. The project began in July 2023, lasted about eight months and cost approximately \$4.3 million.

FDOT, along with its contractor General Asphalt Company, LLC., completed this project on schedule and within budget.

The scope of work included: repaving and restriping the roadway; installing new drainage structures in the swale areas along Quail Roost Drive; relocating or removing landscape; upgrading signalization features at the intersection of SW 147 Avenue/Naranja Road; and upgrading vehicular signage throughout the corridor. The project improves sight-distance throughout the corridor and enhances existing roadway conditions by repaving and restriping the road.

For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or [ChristianS.Gonzalez@dot.state.fl.us](mailto:ChristianS.Gonzalez@dot.state.fl.us). For additional information about this or other FDOT projects, please visit [www.southflroads.com](http://www.southflroads.com).

Drivers are encouraged to log on to [www.fl511.com](http://www.fl511.com) before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

###

*The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.*
