Daytime Partial Closure of Intersection at State Road (SR) 922/ NE 125 Street and NE 7 Avenue for Signalization Work

Tuesday, October 10 between 9 a.m. and 3:30 p.m.

MIAMI, Fla. – The new traffic signal on the southwest corner of NE 125 Street and NE 7 Avenue will be activated by the end of Tuesday, October 10. To prepare to switch to the new signal, a partial closure of the intersection will be needed during daytime hours to allow the contractor to remove the old signalization equipment. The partial closure is scheduled between 9 a.m. and 3:30 p.m. and will impact the following areas:

- Drivers traveling east on NE 125 Street will not be able to turn south on NE 7 Avenue
- Drivers traveling south on NE 7 Avenue from north of NE 125 Street will only be able to turn east or west on NE 125 Street
- A section of NE 7 Avenue, just south of NE 125 Street, will be closed to allow for the crane to be staged
 - Detour signs will be posted to direct drivers to use NE 124 Street or NE 123 Street to travel around the work.

Please see map below for more information. Drivers are encouraged to use caution and follow all posted detour signs.

For more information, please call FDOT's Public Information Office at (305) 470-5349 or Senior Construction Community Outreach Specialist Heather M. Leslie at (305) 905-5876 or Heather@hmlpublicoutreach.com. For additional information about this or other FDOT projects, please visit www.southflroads.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
