Westbound NE 203 Street/Ives Dairy Road Continuous Detour Near State Road (SR) 5/ US 1/Biscayne Boulevard Begins Wednesday, September 13

For drivers traveling west on NE 203 Street, just east of Biscayne Boulevard

MIAMI, Fla. – Beginning Wednesday morning, September 13, the Miami-Dade Water and Sewer Department (WASD) will continue relocating a force main along NE 203 Street between the Florida East Coast Railroad tracks and Biscayne Boulevard overpass to allow for additional NE 203 Street Intersection Project work. A continuous closure and detour will be set up to guide drivers traveling west on NE 203 Street around this work (see map below). Drivers traveling west along NE 203 Street from east of Biscayne Boulevard will have to:

- Turn south on Biscayne Boulevard
- Turn west on NE 186 Street/Miami Gardens Drive
- Turn north on West Dixie Highway
- Turn west on NE 203 Street

This detour is anticipated to be in place for approximately three weeks. Eastbound traffic will not be impacted.

For more information, please call FDOT's Public Information Office at (305) 470-5349 or Senior Construction Community Outreach Specialist Heather M. Leslie at (305) 905-5876 or Heather@hmlpublicoutreach.com. For additional information about this or other FDOT projects, please visit www.southflroads.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
