### **State Road (SR) 922/NE 125 Street and SR 909/West Dixie Highway Project Rescheduled to Week of December 5**

**MIAMI, Fla.** – The Florida Department of Transportation (FDOT) has rescheduled an improvement project along SR 922/NE 125 Street and SR 909/West Dixie Highway to begin the week of December 5, 2022. The \$4.2 million project is expected to be completed by fall 2023.

The project limits extend along NE 125 Street from NE 5 Avenue to NE 7 Avenue and along West Dixie Highway from NE 119 Street to NE 124 Street. This project includes permanent changes to the flow of traffic along sections of NE 7 Avenue, West Dixie Highway and NE 124 Street.

Please note that this schedule may change due to bad weather or other unexpected conditions. For more information, please call Senior Construction Community Outreach Specialist Heather M. Leslie at (305) 905-5876 or FDOT's Public Information Office at (305) 470-5349 or go to the website at [www.fdotmiamidade.com](http://www.fdotmiamidade.com).

Drivers are encouraged to log on to [www.fl511.com](http://www.fl511.com) to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
