Full Closure of Northbound State Road (SR) 25/ 27/Okeechobee Road Starting November 5

MIAMI, Fla. – Starting Saturday, November 5, 2022, the northbound lanes along SR 25/US 27/Okeechobee Road, immediately after the NW 116 Way intersection, will be temporarily closed. This closure will allow the construction crew to continue the installation of the 102-inch drainage pipe from the NW 97 Ave Canal to the Miami Canal. The closure will be in place until 5 a.m. Monday, November 7, 2022.

Motorist heading northbound on SR 25/US 27/Okeechobee Road will be detour through the southbound lanes and across temporary pavement to continue heading northbound. *(See detour map below)*

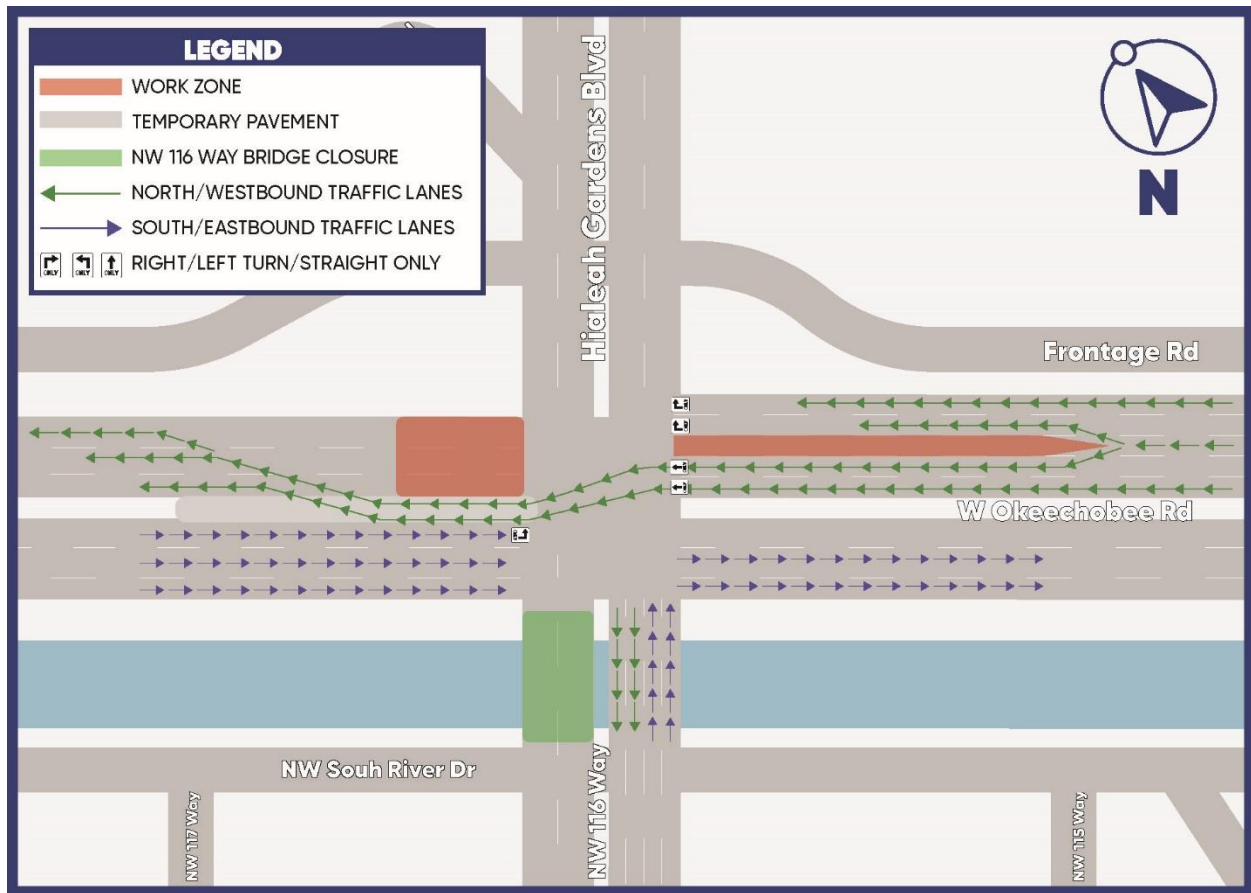

Please note that this schedule may change due to bad weather or other unforeseen conditions.

This project is part of the corridor wide reconstruction of the SR 25/US 27/Okeechobee Road from the Broward County Line to SR 826/Palmetto Expressway. This work will improve safety, enhance mobility along this Strategic Intermodal Systems (SIS) corridor, and inspire innovative transportation solutions, connecting commuters throughout Miami-Dade County.

For more information about the project or closure, please contact Senior Community Outreach Specialist Maria Alzate at (305) 560-8218 or by email at Maria@iscprgroup.com. You can also visit the project website: www.fdotmiamidade.com/okeechobee.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
