## **Full Closure of Frontage Road between NW 114 Street and NW 92 Avenue**

*June 23 through June 26, 2024*

**MIAMI, Fla.** – Starting at 9 p.m. on Sunday, June 23 to Wednesday, June 26, 2024, travel lanes along Frontage Road will be fully closed for three nights between NW 114 Street to NW 92 Avenue. The lanes will reopen to traffic daily by 5 a.m. This closure will allow the contractor to connect two underground drainage pipes. Please note, this is a nighttime operation and construction noise is expected. The following detours will be implemented:

- Motorists heading northwest along Frontage Road will be detoured to make a right at NW 92 Avenue, make a left at NW 114 Street and make a right on Frontage Road to continue heading northwest.
- Motorists heading southeast along Frontage Road will be detoured to make a left at NW 114 Street, make a right at NW 92 Avenue and make a left on Frontage Road to continue heading southeast.

Detours will be clearly marked and access to neighborhoods will be maintained at all times. Please follow all posted signage and note that this schedule may change due to weather or other unexpected conditions.

This project is part of the corridor wide reconstruction of the SR 25/US 27/Okeechobee Road from the Broward County Line to SR 826/Palmetto Expressway. This work will improve safety, enhance mobility along this Strategic Intermodal Systems (SIS) corridor, and inspire innovative transportation solutions, connecting commuters throughout Miami-Dade County.

For more information, please contact FDOT's Communications Office at (305) 470-5349 or Senior Community Outreach Specialist Maria Alzate at (305) 560-8218 or by email at [Maria.Alzate@dot.state.fl.us](mailto:Maria.Alzate@dot.state.fl.us). You can also visit, [www.southflroads.com/okeechobee](http://www.southflroads.com/okeechobee).

For real-time traffic and lane closure information, drivers are encouraged to visit [www.fl511.com](http://www.fl511.com).

Remember, wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Always be safe and remain alert while driving in construction zones.

*The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.*
