### **Florida Department of Transportation Begins the State Road (SR) 915/NE 6 Avenue Roadway Project**

*NE 123 Street to NE 154 Street and SR 922/NW/NE 125 Street  
from NW 1 Avenue to NE 5 Avenue*

**MIAMI, Fla.** – The Florida Department of Transportation (FDOT) has begun a roadway project along 915/NE 6 Avenue from NE 123 Street to NE 154 Street and SR 922/NW/NE 125 Street from NW 1 Avenue to NE 5 Avenue. Construction is anticipated to be completed by winter 2024. The project will cost an estimated \$6.7 million.

The scope of work includes repaving and restriping the road, repairing sidewalks and curb ramps, improving traffic signals and streetlights and enhancing pedestrian features.

To build this project safely, it will be necessary to close travel lanes from 9 p.m. to 3:30 p.m. weekdays and weekends, 9 p.m. to 5:30 a.m., Sunday through Thursday and 11 p.m. to 7 a.m., Friday and Saturday nights. Detours will be established as necessary and detour routes will be clearly marked. Work will be done in stages to minimize construction-related impacts. Please use caution when traveling through construction zones.

Please note that this schedule may change due to bad weather or other unexpected conditions.

For more information, please call FDOT's Public Information Office at (305) 470-5349 or Construction Senior Community Outreach Specialist Sandra Bello at (305) 510-0827 or go to the website at [www.southflroads.com](http://www.southflroads.com).

Drivers are encouraged to log on to <http://www.fl511.com> before they travel to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
