State Road (SR) 934/Normandy Drive/71 Street Safety Project to Begin Construction the week of November 27, 2023

At Various Locations

MIAMI, Fla. – The Florida Department of Transportation (FDOT) is scheduled to begin a safety project along SR 934/Normandy Drive/71 Street at various locations the week of November 27, 2023. Construction is anticipated to be completed by early 2024. The project will cost an estimated \$196,000.

The scope of work includes installing electronic speed feedback signs and installing speed limit signs and pavement markings. Locations for this work include:

- SR 934/Normandy Drive and East/West Bay Drive
- SR 934/Normandy Drive and Vichy Drive
- SR 934/71 Street between Rue Granville and Biarritz Drive
- SR 934/71 Street and Rue Bordeaux

To build this project safely, it will be necessary to close travel lanes from 9 a.m. to 3:30 p.m. weekdays and weekends. Work will be done in stages to minimize construction-related impacts. Please use caution when traveling through construction zones.

Please note that this schedule may change due to bad weather or other unexpected conditions.

For more information, please call FDOT's Public Information Office at (305) 470-5349 or Construction Senior Community Outreach Specialist Sandra Bello at (305) 510-0827 or go to the website at www.southflroads.com.

Drivers are encouraged to log on to <http://www.fl511.com> before they travel to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
