Weekend Closure of North Miami Avenue Starts February 23

MIAMI, Fla. – North Miami Avenue will be closed from NW 13 Street to NW 11 Street starting at 10 p.m. on Friday, February 23 until 5:30 a.m. on Monday, February 26 to allow the contractor to safely remove the bridge structures over the roadway. Drivers continuing south of NW 13 Street will only have access to the I-395 entrance ramp. Access to businesses between NE 14 Street and NE 13 Street will be maintained. Closure and detour information can be seen [HERE](#).

Nearby residents and businesses should anticipate elevated noise levels during the demolition activities. The contractor will implement measures to minimize dust impacts. The operations will involve large machinery and walking through work zone is strictly prohibited. Pedestrians can use the detour shown [HERE](#).

An additional weekend will be needed to complete the demolition over the roadway. Another update will be sent once the date has been confirmed.

Information on additional lane and ramp closures associated with the project can be seen [HERE](#). Please note that this schedule may change due to bad weather or other unforeseen conditions. The work is part of the I-395/SR 836/I-95 Design-Build Project that will reconstruct the I-395 corridor from the SR 836/I-395/I-95 (Midtown) Interchange to the MacArthur Causeway Bridge.

For additional information, please contact the Florida Department of Transportation Communications Office at 305-470-5349 or Community Outreach Specialist Oscar Gonzalez at 786-280-0983. Additional project information can be found on the project website, www.I-395miami.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

###

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
