State Road (SR) 5/US1/Overseas Highway Nighttime Lane Closure Begins April 27

At Mile Marker (MM) 74.5 in Islamorada

MIAMI, Fla. – Beginning Wednesday, April 27 at 9:30 p.m. through 5:30 pm, Friday, April 29, 2022, the northbound travel lane along SR 5/US1/Overseas Highway at MM 74.5 will be closed to mill and resurface existing shoulders.

During this work, the southbound travel lane will remain open at all times and flaggers will direct traffic through the area. Drivers might experience delays traveling through the area and should seek alternate routes if possible.

Please use caution when traveling through construction zones and note that this schedule may change due to bad weather or other unexpected conditions.

This work is part of the ongoing roadway construction project along SR 5/US1/Overseas Highway between south of Tollgate Boulevard MM 73.75 to Lignumvitae Channel MM 77.5. For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Paulette Summers at (786) 510-3921 or psummers@mrgmiami.com. For additional information about this or other FDOT projects, please visit www.fdotmonroe.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
