State Road (SR) 953/LeJeune Road Nighttime Closures at East 32 Street Begin October 10

MIAMI, Fla. – Beginning Sunday, October 10 through Monday, October 11, travel lanes through the intersection of SR 953/LeJeune Road and E 32 Street will be closed between the hours of 10 p.m. and 6:30 a.m., for nighttime paving.

At least one lane will remain open at all times, in each direction, during this work. Law enforcement will be on site directing traffic through the area. Drivers might experience delays traveling through the area and should seek alternate routes if possible.

Please follow all posted signage and note that this schedule may change due to bad weather or other unexpected conditions.

This work is part of the ongoing intersection project of SR 953/LeJeune Road at East 32 Street. For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or csgonzalez@corradino.com. For additional information about this or other FDOT projects, please visit www.fdotmiamidade.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

Improve Safety, Enhance Mobility, Inspire Innovation
FDOTMiamiDade.com | @MyFDOT_Miami | Facebook.com/MyFDOTMiami

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
