SR 5/US 1/Biscayne Boulevard Roadway Project Begins the week of January 6, 2025

From south of NE 5 Street to NE 11 Street

MIAMI, Fla. – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway project the week of January 6, 2025 along State Road (SR) 5/US 1/Biscayne Boulevard from south of NE 5 Street to NE 11 Street. The project will last about 11 months and the current construction cost is \$5.8 million.

The scope of work for this project includes upgrading the existing stormwater pump system and drainage structures to improve capacity and alleviate flooding; upgrading pavement markings, signage, reconstructing pedestrian curb ramps, damaged sidewalks, and enhancing pedestrian signalization; installing pavement detectors to identify vehicles at the traffic signals, and repaving and restriping the roadway within the project limits.

To build this project safely, it will be necessary to close travel lanes, sidewalks, and to establish detours at times. Work will be done in stages to minimize construction-related impacts. Drivers might experience delays traveling through the area and should seek alternate routes if possible. Please use caution when traveling through construction zones.

Detours will be clearly marked. Please follow all posted signage and note that this schedule may change due to weather or other unexpected conditions.

For more information, please contact FDOT's Communication Office at (305) 470-5349 or visit our website at www.southflroads.com.

For real time traffic and lane closure information, drivers are encouraged to visit www.fl511.com.

Remember, wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Always be safe and remain alert while driving in construction zones.
