State Road (SR) 5/US 1 Nighttime Lane Closures Begin May 15

MIAMI, Fla. – Beginning Monday, May 15 through Thursday, May 18, from 9 p.m. to 6 a.m., one outside lane of southbound SR 5/US 1 will be closed at the approach to the following intersections to install new traffic mast arms:

- SW 72 Street/Sunset Drive – *Northwest corner*
- SW 70 Street – *Southwest corner*
- Alhambra Circle – *Southwest corner*
- Stanford Drive – *Southwest corner*

These outside lane closures will not occur simultaneously. At least one southbound travel lane will remain open at all times. Law enforcement will be on-site to provide assistance as needed. Drivers might experience delays traveling through the area and should seek alternate routes if possible.

Please use caution when traveling through construction zones and note that this schedule may change due to bad weather or other unexpected conditions.

This work is part of the ongoing roadway project along SR 5/US 1 from SW 80 Street to Riviera Drive. For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or ChristianS.Gonzalez@dot.state.fl.us. For additional information about this or other FDOT projects, please visit www.fdotmiamidade.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
