State Road (SR) 5/US 1 Nighttime Lane Closures Begin March 1

On Burton Drive, East Burton Drive and the Access Road, Mile Marker (MM) 92.6

MIAMI, Fla. – Beginning Tuesday, March 1 through Thursday, March 3, 2022, travel lanes through the intersection of SR 5/US 1/Overseas Highway will be closed from 10 p.m. to 5:30 a.m., while workers restripe the road. During this work, at least one lane will remain open and flaggers will direct traffic through the area.

Drivers might experience delays traveling through the area and should seek alternate routes if possible.

Please note this schedule may change due to bad weather or other unexpected conditions.

This work is part of the ongoing intersection project at SR 5/US 1/Overseas Highway and Burton Drive. For more information, please contact FDOT's Public Information Office at (305) 470-5349 or Community Outreach Specialist Paulette Summers at (786) 510-3921 or psummers@mrqmiami.com. For additional information about this or other FDOT projects, please visit www.fdotmonroe.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
