State Road (SR) 7/US 441/NW 7 Ave Landscaping Project Begins Week of September 6

MIAMI, Fla. – The Florida Department of Transportation (FDOT) is scheduled to begin a landscaping project the week of September 6, 2022. The project limits extend along SR 7/US 441/NW 7 Avenue from Little River Drive to NW 118 Street and from NW 143 Street to NW 157 Street in Miami-Dade County. This project will cost an estimated \$759,000 and will take several months for installation of landscaping and two years for maintenance of work.

The scope of work includes providing landscape within the recently installed medians along the corridor and installing palm trees and shade trees in various locations.

Access to and from adjacent neighborhoods and businesses will be maintained during construction. **Please note that this schedule may change due to bad weather or other unexpected conditions.**

For more information, please call Construction Community Outreach Specialist Sergies Duarte at (305) 216-3617 or FDOT's Public Information Office at (305) 470-5349 or go to the website at www.fdotmiamidade.com. Drivers are encouraged to log on to www.fl511.com to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. Please drive cautiously in construction zones.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
