State Road (SR) 924/NW 119 Street Extended Lane Closure Hours Begin July 7

At the Intersection of NW 17 Avenue

MIAMI, Fla. – On Thursday, July 7, 2022, at least one outside eastbound lane of SR 924/NW 119 Street **will be closed past the standard lane opening hour of 3:30 p.m.** to install traffic signal foundations at the SE corner of the intersection of NW 17 Avenue.

As part of this operation, the right turn lane of northbound NW 17 Avenue will also be closed past the standard lane opening hour. The middle through lane of NW 17 Avenue will be used as an alternative turn lane during the operation. Drivers might experience delays traveling through the area and should seek alternate routes if possible.

Please use caution when traveling through construction zones and note that this schedule may change due to bad weather or other unexpected conditions.

This work is part of the ongoing FDOT roadway project along SR 924/NW 119 Street from NW 27 Avenue to NW 7 Avenue. For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or csgonzalez@corradino.com. For additional information about this or other FDOT projects, please visit www.fdotmiamidade.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
