State Road (SR) 932/NW-NE 103 Street Nighttime Lane Closures Begin October 23

MIAMI, Fla. – Beginning Monday, October 23 through Friday, November 3, at least one travel lane in each direction of SR 932/NW-NE 103 Street, including local side streets, from NW 6 Avenue to NE 2 Avenue will be closed to pave the road between the hours of 9 p.m. and 5:30 a.m.

During the operation, at least one lane in each direction of SR 932/NW-NE 103 Street will remain open at all times. Access to residential properties will be maintained at all times. Drivers might experience delays traveling through the area and should seek alternate routes if possible.

Please use caution when traveling through construction zones and note that this schedule may change due to bad weather or other unexpected conditions.

This work is part of the ongoing roadway project along SR 932/NW-NE 103 Street from NW 6 Avenue to NE 2 Avenue. For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or ChristianS.Gonzalez@dot.state.fl.us. For additional information about this or other FDOT projects, please visit www.southflroads.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
