### **State Road (SR) 932/NW 103 Street/W 49 Street Roadway Project Begins September 12** *Between W 3 Avenue and E 10 Avenue*

**MIAMI, Fla.** – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway project the week of September 12, 2022, along SR 932/NW 103 Street/W 49 Street from W 3 Avenue to E 10 Avenue. The work will last roughly ten months and will cost an estimated \$3.4 million.

The scope of work includes: installing new traffic signal mast arms at the intersection of SR 932/NW 103 Street/W 49 Street and SR 953/LeJeune Road; extending the left turn lane from EB SR 932/NW 103 Street/W 49 Street to NB SR 953/LeJeune Road; reconstructing the traffic median at the intersection of E 8 Court and E 8 Lane; reconstructing concrete sidewalks, curb ramps, and curb and gutters; upgrading vehicular and pedestrian signs, signals and pavement markings; removing/replace existing light poles and/or installing new light poles with Light Emitting Diode (LED) lights; replacing existing drainage tops; and repaving and restriping the roadway.

To build this project safely, it will be necessary to close travel lanes and sidewalks, and to establish detours at times. Work will be done in stages to minimize construction related impacts. Drivers might experience delays traveling through the area and should seek alternate routes if possible.

**Please follow all posted signage and use caution when traveling through the construction zone and note that this scheduled may change due to bad weather or other unexpected conditions.**

For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or [csgonzalez@corradino.com](mailto:csgonzalez@corradino.com). For additional information about this or other FDOT projects, please visit [www.fdotmiamidade.com](http://www.fdotmiamidade.com).

Drivers are encouraged to log on to [www.fl511.com](http://www.fl511.com) before they travel to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and

*its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities*
