State Road (SR) 985/SW 107 Avenue at SW 24 Street/Coral Way Turning Lanes Closed on June 30 and July 3

MIAMI, Fla. – On Friday, June 30 and Monday, July 3, the following travel lanes will be closed from 9 a.m. to 3:30 p.m. to install underground utilities at the intersection of SR 985/SW 107 Avenue and SW 24 Street/Coral Way:

- One outside southbound right turn lane of SR 985/SW 107 Avenue to westbound SW 24 Street/Coral Way
- One outside westbound right turn lane of SW 24 Street/Coral Way to northbound SR 985/SW 107 Avenue

During these closures, drivers can use the inside through lanes of southbound SR 985/SW 107 Avenue and westbound SW 24 Street/Coral Way to turn right. At least one lane in each direction through the intersection will remain open at all times.

Corresponding lane closures for the reconstruction of the traffic median will continue to be implemented during daytime hours. Drivers might experience delays traveling through the area and should seek alternate routes if possible.

Please use caution when traveling through construction zones and note that this schedule may change due to bad weather or other unexpected conditions.

This work is part of the ongoing intersection project along SR 985/SW 107 Avenue at SW 24 Street/Coral Way. For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or ChristianS.Gonzalez@dot.state.fl.us. For additional information about this or other FDOT projects, please visit www.southflroads.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
