## State Road (SR) 9/NW 27 Avenue Roadway Project Begins Week of July 18

*From NW 39 Street to SR 934/NW 79 Street*

**MIAMI, Fla.** – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway construction project the week of July 18, 2022. The project limits extend along SR 9/NW 27 Avenue from NW 39 Street to SR 934/NW 79 Street in the City of Miami and Unincorporated Miami-Dade County. The project will cost an estimated \$5.8 million and is expected to be completed by fall 2023.

The scope of work includes repaving and restriping the roadway; removing abandoned driveways; upgrading drainage inlets; widening the roadway along NW 41 Street; upgrading pedestrian curb ramps and signage; reconstructing and upgrading sidewalks; upgrading guardrail and street signs; and installing new pavement markings.

To build this project safely, it will be necessary to close travel lanes from 9 a.m. to 3:30 p.m., weekdays and weekends; 9 p.m. to 5:30 a.m., Sunday through Thursday nights; and 11 p.m. to 7 a.m., Friday and Saturday nights. Full weekend closures from 7 p.m. on Friday through 5:30 a.m. on Monday will also be implemented as needed when performing underground work along NW 27 Avenue and along NW 41 Street. Notice will be provided in advance of these closures and detours. Work will be done in stages to minimize construction-related impacts. Please use caution when traveling through construction zones.

Please note that this schedule may change due to bad weather or other unexpected conditions. For more information, please call Construction Community Outreach Specialist Maria J. Espinoza at (786) 226-6927 or FDOT's Public Information Office at (305) 470-5349 or go to the website at [www.fdotmiamidade.com](http://www.fdotmiamidade.com).

Drivers are encouraged to log on to [www.fl511.com](http://www.fl511.com) to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicles crashes. Please drive cautiously in construction zones.

###

*The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities*
