State Road (SR) 9/NW 27 Avenue Roadway Project Begins June 13 *Between NW 116 Street and NW 122 Street*

MIAMI, Fla. – The Florida Department of Transportation (FDOT) is scheduled to begin a roadway project the week of June 13 along SR 9/NW 27 Avenue from NW 116 Street to NW 122 Street. The work will last roughly four months and will cost an estimated \$510,363.

The scope of work includes: reconstructing the traffic separator between NW 116 Street and NW 117 Street; reconstructing the traffic island on NW 120 Street and SR 9/NW 27 Avenue; reconstructing concrete sidewalks, pedestrian curb ramps, and curb and gutters; upgrading vehicular and pedestrian signs and pavement markings; and repaving and restriping the roadway.

To build this project safely, it will be necessary to close travel lanes and sidewalks, and to establish detours at times. Work will be done in stages to minimize construction related impacts. Drivers might experience delays traveling through the area and should seek alternate routes if possible.

Please follow all posted signage and use caution when traveling through the construction zone and note that this scheduled may change due to bad weather or other unexpected conditions.

For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or csgonzalez@corradino.com. For additional information about this or other FDOT projects, please visit www.fdotmiamidade.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
