State Road (SR) A1A/Collins Avenue Daytime Side Street Closures Begin June 1

At the intersections of 10, 11 and 74 Street

MIAMI, Fla. – Beginning Wednesday, June 1 through Thursday, June 2, 2022, the following side street closures will occur along SR A1A/Collins Avenue:

- **Wednesday, June 1:** 74 Street from SR A1A/Collins Avenue to Ocean Terrace
- **Thursday, June 2:** 10 Street from SR A1A/Collins Avenue to Washington Avenue
- **Thursday, June 2:** 11 Street from SR A1A/Collins Avenue to Ocean Drive

The side streets listed above will be closed intermittently, between the hours of 9 a.m. and 3:30 p.m., to properly install the new traffic signal mast arms. No lane closures are expected to occur along northbound or southbound SR A1A/Collins Avenue. Side street closures will not occur simultaneously and will be accessible to local traffic only. Law enforcement will be on-site assisting traffic through the area.

Drivers might experience delays traveling through the area and should seek alternate routes if possible. **Please use caution when traveling through construction zones and note that this schedule may change due to bad weather or other unexpected conditions.**

This work is part of various intersection projects along SR A1A/Collins Avenue. For more information, please contact FDOT's Public Information Office at (305) 470-5349, or Construction Community Outreach Specialist Christian Gonzalez at (786) 837-4884 or csgonzalez@corradino.com. For additional information about this or other FDOT projects, please visit www.fdotmiamidade.com.

Drivers are encouraged to log on to www.fl511.com before they travel to get real-time traffic and lane closure information. FDOT would like to remind drivers that wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities
