### **State Road (SR) A1A/South Roosevelt Boulevard Roadway Project to Begin Construction the week of Sunday, April 28, 2024**

from Riviera Canal Bridge at Go Lane to SR 5/US 1/North Roosevelt Boulevard

**MIAMI, Fla.** – The Florida Department of Transportation (FDOT) District Six is scheduled to begin a roadway project the week of Sunday, April 28, 2024, on S. Roosevelt Boulevard from Riviera Canal Bridge at Go Lane to SR 5/US 1/N. Roosevelt Boulevard. The project is one of five separate construction projects slated for Monroe County, which includes the project currently underway on S. Roosevelt Boulevard along Smathers Beach. This section of the S. Roosevelt Boulevard project will last seven months and cost \$790,000. Schedules may change due to weather or other unforeseen circumstances.

The scope of work on this project includes upgrading signage, pavement markings and curb ramps, as well as repaving and restriping the roadway.

To build this project safely, it will be necessary to close travel lanes and sidewalks, and establish detours at times. Lane closures may occur during the day Monday through Thursday, and at night Sunday through Thursday. Work will be done in stages to minimize construction related impacts. Drivers might experience delays traveling through the area and should seek alternate routes if possible. Please use caution when traveling through construction zones.

**Please follow all posted signage and note that this schedule may change due to weather or other unforeseen circumstances.**

For more information, please contact FDOT's Public Information Office at 305-470-5349 or Community Outreach Specialist, Julie Brown, at [Julie.Brown@dot.state.fl.us](mailto:Julie.Brown@dot.state.fl.us) or 305-927-1479. Additional information about this and other FDOT projects, can be found on [southflroads.com](http://southflroads.com).

Drivers are encouraged to log on to [www.fl511.com](http://www.fl511.com) before they travel to get real-time traffic and lane closure information. The Florida Department of Transportation reminds motorists to always drive safely and avoid distractions while driving. Remember to put down cell phones. Florida law restricts motorists from using a wireless device in a school zone or an active construction zone.

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
